

**MPLS Divisional Board**

**Approved at the meeting of:** Chemistry Teaching Committee, 4 March 2025 and MPLS Education Committee in May 2025

**Title of Programme/ Name of Regulation**

Honour School of Chemistry

**Brief note about nature of change:** Minor change to Part II thesis hand-in deadline

**Location of change**

[2023-24, Honour School of Chemistry](#)

**Effective date**

For students starting Part II of FHS in MT 2025

For first examination from 2025-26

**Detail of change**

<sup>1.44</sup>A candidate for Part II is required to send in, not later than noon on the ~~Friday~~ Monday of the seventh week of the Trinity Full Term, a record of the investigations which they have carried out under the direction of their supervisor.

**Explanatory Notes**

Deadline change to Monday for two reasons:

(1) To allow the examiners time to mark all of the submissions before the Part II vivas (which must finish before the end of the extended term), including those with self-certification extensions.

(2) To provide better support for students who have problems around the deadline.

We have checked 10 years of term dates and Monday of 7<sup>th</sup> week of Trinity Full Term never falls on a bank holiday. Students are aware of the term dates and are informed (and reminded) of the Gregorian calendar date during the year of their submission. This information will be updated in all documentation for the start of MT25.
